

Dear Preschool Parents:

We are giving you a chance to be our first parents to try out an experimental Preschool program at St. Joseph's School. We have been wanting to expand the Preschool program for a while. This year we have been given the opportunity to offer you extended hours as well as more days for your child to attend school.

In the past our school day started at 8:30 and ended at 11:00. We will now be offering an extended day program at no extra cost to our parents. This time will be from 8:30 - 12:00 each day. We would also like to add more opportunities to bring your child into our program. Please see the additional times below. Please note that to offer more days for your child to attend school we will need at least 6 children each day to make this work. We feel that this opportunity can be a benefit to your child both academically and socially.

We have listed the days and tuition below for you to look over. We are asking that you let the office know by August 30th which program best suits your child and the needs of your family. If you have any questions please call the school and we will do our best to answer them.

2 day program (Tuesday and Thursday) - \$100.00/month
