

ST. JOSEPH PARISH

TRAFFIC FLOW FOR SUNDAY MORNINGS

Safety for children and adults is important. Since there are many programs running on Sunday morning at the school and Ministry Center, it is necessary that we keep the flow of traffic entering on Church St. and exiting on Dewey St. The area between the school and the playground will be a no parking (or standing) area. It may be used only to drop off children. Parking will be in the lot next to Church St. or on the streets surrounding the school. There will be additional parking for Catechists (teachers) and Aides (only) next to the playground,

When picking children up, enter the lot from Church St., drive past the school and around the building towards Rt. 14. Cars may be parked end to end in 5-6 rows. This will allow movement of many cars and people quickly. Cars may also be parked on the street surrounding the school.

Parking is limited, so please do not leave your car at the school or Ministry Center when you go to mass. Please be courteous to one another as we try to move to and from programs. Let us be sure to keep our children safe.
